

RETURN TO BASKETBALL

GAME PLAN 2.0

Bulleen Templestowe Basketball Club

RETURN TO BASKETBALL

KEY CONSIDERATIONS

The Bulleen Templestowe Basketball Club is thrilled to be able to welcome our community and club family back to basketball. We ask that you familiarise yourself with the following guidelines to provide a smooth transition to our new COVID environment.

The guidelines in this document have been developed in conjunction with the Victorian Government, Basketball Victoria, the Manningham Council and the YMCA with the primary intention of reducing the chances of person to person transmission of COVID-19.

ARRIVE ON TIME – LEAVE PROMPTLY.

Players should aim to arrive no earlier than ten minutes prior to the scheduled starting time of their training or game and no later than five minutes prior. Each court will have a designated waiting area that will be used prior to entering the courts. Participants and officials cannot enter the court area before the Bio Safety Officer 'opens' the court.

BASKETBALLS.

All basketballs brought into any venue will need to be sanitised using a single use alcohol wipe on arrival. Until the sport is at the GREEN-100 stage of return, there are protocols on the use of basketballs including:

Casual Shooting: Participants must supply their own basketball

Training: Participants must supply their own basketball

Competition: Maximum of two balls per team

BREAKS BETWEEN GAMES & TRAINING SESSIONS.

A small break between games and training sessions will be required to allow time for participants and officials to depart the venue at the conclusion of their activities and the next groups to arrive without contact. This time will also be used by staff to ensure all sanitisation requirements are met.

CASHLESS.

As basketball activities recommence, all venues will be cashless. Payments for the shop or café can be made by credit/debit card. Domestic game fees can be paid prior to the game by card, direct deposit or our preference using the Team Pay app.

RETURN TO BASKETBALL

OUTDOOR TRAINING

If you have flu like symptoms or are feeling unwell don't attend training.

Sport Australia recommends having a shower before leaving home and after the session.

Avoid car pooling with people from different households.

Come to the venue dressed and ready to go. There are no changing facilities available.

Public Water Fountains and Toilets are closed. Bring enough water to get through the session.

Players are required to bring their own basketball. Consider the court surface when selecting a ball.

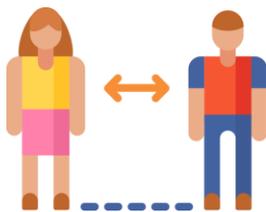

Bring your own hand sanitiser and alcohol based single use wipes.

Do not arrive to the venue until at least ten minutes before scheduled starting time.

Face masks are required by all participants and maybe removed by players when completing high intensity drills such as running.

Observe the principles of social distancing at all times.

Maximum session time permitted is 60 minutes.

Spectators are not permitted to attend training sessions.

RETURN TO BASKETBALL

VENUE CAPACITY

As we move forward in a new COVID normal, venues have a revised capacity. Venue capacity is determined by size of the venue and is calculated on m2 and the amount of space each person needs to be safe. This information is constantly changing and is being updated on a regular basis.

Each venue is different and it is important to remember that venue management are able to further revise venue capacity above the guidelines implemented by the Government. As a general rule, the following table can be used as a general guide.

BASKETBALL VICTORIA RETURN TO BASKETBALL

Court Capacity Guide Only

	RED-0	RED-10	ORANGE-20	ORANGE-50	GREEN-100
TRAINING OUTDOOR	Banned	Players: 10 per team Coaches: 2 per team Spectators: 0	Players: 20 per court Coaches: 2 per team Spectators: 0	Players: 10 per court Coaches: 4 per team Spectators: 0	Unrestricted <i>Spectators based on capacity</i>

VENUE INFORMATION

CAPACITY CONTROL.

BTBC staff will maintain strict count of the number of patrons within venues to ensure that capacity limits are not exceeded.

DESIGNATED ENTRY & EXIT.

All venues have a designated entry and exit door. Please follow the signs at the venue to make sure you entering or leaving at the correct point. On arrival patrons will need to follow entrance protocols. If you are unsure please ask a staff member.

HAND SANITISER.

Hand sanitiser will be provided at venue entry and exit points as well as at each score bench. Players and officials should use the hand sanitiser at each break, including time-outs and as substitutions enter and exit the game. Patrons are encouraged to bring their own 100mL hand sanitiser to assist in quick access.

TOWELS & DRINK BOTTLES.

Participants and officials should bring their own towel and drink bottle. Water fountains, vending machines are closed until further notice. Cafes will remain closed in the short term.

Drink Bottles or towels left at the venue will be disposed of during the sanitisation process at the end of the game or activity.

FACE MASKS.

In line with Victorian Government requirements all venue patrons are required to wear face masks. Players have the choice of wearing face masks during games. These masks must be made of a non-abrasive, soft material such as paper or cloth and attached to the ears with elastic.

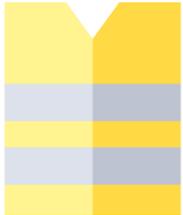

The club has suitable face masks for sale through the club online store (www.shop.bulleenboomers.com.au) and will have single use face masks available for purchase at venues.

People under the 12 years or have a medical exemption are not required to wear masks.

RETURN TO BASKETBALL

VENUE INFORMATION

BIO SAFETY OFFICERS.

All BTBC staff will be trained as Bio Safety Officers – or BSOs as we call them. We also have a number of parents who have put up their hands to volunteer. The BSOs will be onsite at all venues and will be easily recognised in their fluoro yellow vests.

BSOs are responsible for ensuring that protocols are followed including sanitisation, contact tracing and social distancing of all players, coaches, officials and spectators.

If you would like to volunteer please contact the club – reception@bulleenboomers.com.au to find out what is involved.

UNIFORM FITTINGS.

Uniform fittings and merchandise stores are currently not permitted in the Return to Basketball Guidelines. Uniforms and other merchandise is available from the club online store – www.shop.bulleenboomers.com.au. As soon as we are able to offer face to face fittings we will recommence.

THE BACKBOARD CAFÉ'.

When the café reopens we will be able to serve takeaway coffees, cold drinks and packaged foods. To assist in social distancing an online ordering system will be implemented. In the short term, the café will be cashless with tables and chairs removed from the venue.

RETURN TO BASKETBALL

CONTACT TRACING

Contact Tracing is one of the key ways we are keeping members safe. To do this we are using a QR Code system allowing patrons to check in as quickly as possible. The data collected is secured using an encrypted system and is deleted after 28 days. **All staff, spectators and contractors are required to 'check-in' to gain access to indoor facilities.** Data will only be shared with the Victorian Government, if there is a positive case related to a specific club activity.

1. Scan the QR Code using a smart phone.

This can be done using the phone's camera function or by using a QR Code Reader. There are many free versions available on the various app stores by scanning the posters located at the various venues we use.

COVID-19 Venue Check-In

To assist in creating a COVID-safe environment we require everyone entering a venue for club activities to check-in their attendance.

The check-in process is quite simple and involves providing simple information including your name, contact phone number and your time of arrival.

The data recorded is encrypted and held in a secure location. The data is held for a maximum of 28 days and then deleted. No third parties, with the exception of the Victorian Department of Health will have access to the data. The Victorian Department of Health will be provided the data to assist in the investigation if a COVID-19 outbreak is related to Bulleen-Templestowe Basketball Club activities.

2. Enter your contact information and the answer the questions.

These questions will ask where in the venue you will be heading to and if you are sick or have flu like symptoms. Once you have entered the information, please press **SUBMIT** at the bottom of the screen.

3. Show your Green Tick.

Please show your green tick to the Bio Safety Officer when entering the venue who will confirm your attendance. *Please Note the information is time and date stamped for each venue.*

If you do not have access to a smart phone or device, manually entry is an option. Please ask a Bio Safety Officer on arrival.

WHAT TO EXPECT

If you have flu like symptoms or are feeling unwell don't attend.

Sport Australia recommends having a shower before leaving home and after the session.

Avoid car pooling with people from different households.

Come to the venue dressed and ready to go. There are no changing facilities available.

Public Water Fountains are closed. Bring enough water to get through the game or training.

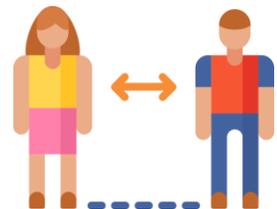

Do not arrive to the venue until at least ten minutes before scheduled starting time.

Check in using the QR Code and a smart phone

Your temperature will be checked. Temperature must not be higher than **37.5°** to access venues.

Observe the principles of social distancing at all times.

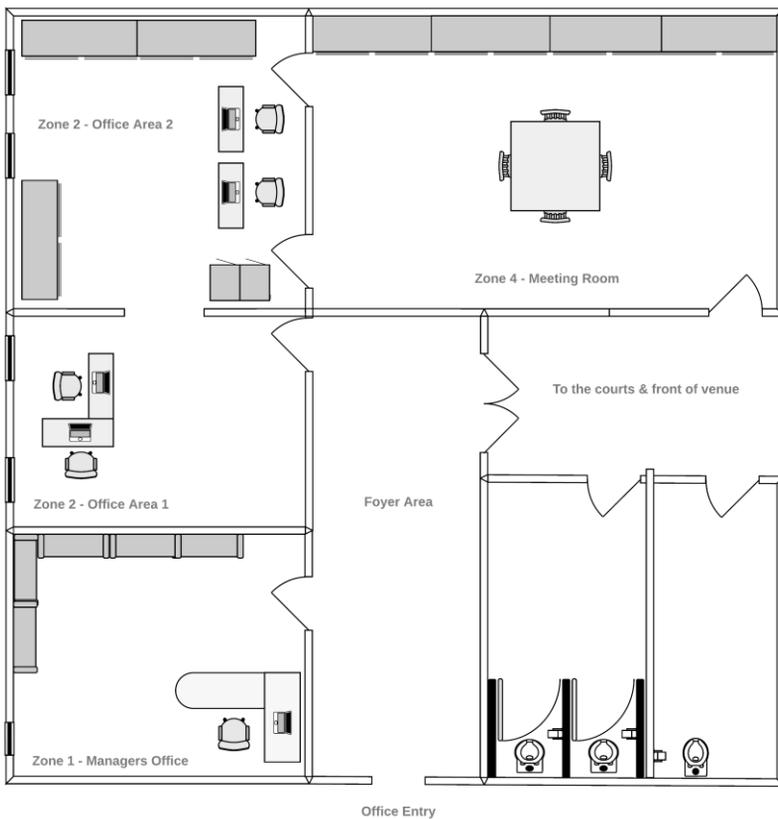

Enjoy your game & work hard at your training session.

Once finished please follow staff directions and leave the venue as quickly as possible.

To ensure the safety of our staff, a number of changes have been made to how we operate in a new COVID environment.

OFFICE LAYOUT.

A maximum of three office staff will be able to work in the office at any one time. Staff need to be socially distanced and use the following layout:

- Zone 1: 1 employee
- Zone 2: 1 employee
- Zone 3: 1 employee

STAFF ROTATION.

Due to Victorian Government regulations, all staff are required to work remotely. When permission is given, staff will be broken into two teams and will work alternate days from the office. Staff may work outside traditional hours to reduce contact between staff members.

FACE TO FACE MEETINGS.

Face to face meetings are to be avoided where possible. Meetings with external groups or members of the public are not to be held onsite. Where meetings have to be held all sanitisation and social distancing protocols must be followed.

SANITISATION & HYGIENE.

All staff will need to check in using the check in protocols on arrival, including contact tracing, temperature testing and sanitisation protocols. Surfaces such as door handles, telephones and commonly touched areas need to be sanitised using a single use alcohol wipe at the beginning and end of each shift and where a visitor has been into the office. All staff members have transitioned to using laptop computers during COVID-19 to reduce the need for common use technology such as computer keyboards.
